

*American Legion Auxiliary  
Department of Texas  
Leadership 2021 – 2022*

*What is this program and why do we have it?*

The Leadership program raises awareness of ALA Leadership and various Leadership development opportunities.

*What is the 2021-2022 Texas Leadership Committee's Goal?*

The Texas Leadership Committee believes that, along with leadership development opportunities offered by the National Leadership Committee, leadership in Texas should be developed from the “inside out”. Meaning if the members at the unit level become more familiar with the ALA’s procedures, programs, the office positions, traditions and the “why” of much we do, they will become empowered and will feel more comfortable in taking on a more active role in their unit and in return this could assist in retaining these valuable members.

The Leadership Committee’s focus will be, but not limited, to training for the unit. Our hope is to reach out to the units to arrange unit trainings to be done either in person, or as has become so familiar to us, by Zoom.

A plan is being developed for contacting units to arrange these trainings. Further details to follow...
