

*American Legion Auxiliary Department of Texas
Special Committees
2021 - 2022*

2022 Department Convention Committee

This committee will focus on raising funds villa sponsorships, individual and business donations and/or fundraisers to offset the cost of the 2022 department convention. The rationale behind this committee is that we are hoping by raising funds to cover the cost of the department convention in 2022, we will not need to go into our general fund and will be able to keep those funds intact for our programs.

The Legion Family Liaison Committee

This committee consist of auxiliary members that have a connection to the American Legion, the Sons of the American Legion, and the Legion Riders, whether it is through their own service or through the membership of a loved one. The rationale for this committee is that we are hoping to open the door of communication between our family entities. We are hoped to create a more mutually beneficial relationship that will help all of us to have a more successful year.

Goodwill Committee

This committee is exactly what it sounds like. The members on this committee are going to focus on reaching out to our members across Texas. Whether it's via email, note cards or telephone calls, we want the members of Texas to know that we care about them. They will also host any events for members that are attending their first DEC, Midwinter and or Department Convention.
