

The American Legion Auxiliary Department of Texas Poppy Program 2022-2023

Key Program Statements:

1. Promote the Poppy Program and increase revenue.
2. Educate your community on the meaning and the history of the poppy.
3. Celebrate National Poppy Day.
4. Increase the number of poppy makers in your community.

Poppy funds are used to support two major national mission outreach activities:

1. National Veterans Creative Arts Festival, which the Auxiliary has proudly co-presented for over 20 years.
2. Armed Services YMCA (ASYMCA) to combat food insecurity. By supporting the existing network of food pantries and food distribution events offered by the ASYMCA with the donation of Auxiliary poppy funds, we can win the war together in this ongoing need. In 2013-2014, The American Legion expanded the use of poppy funds to include the assistance of active-duty servicemembers and their families. Now is the perfect time to help join the cause and fight against food insecurities experienced by so many military members in our Armed Forces by donating a portion of your poppy funds to support servicemembers in your area.
