

Honorary Life Membership
Pins -- Cards

The requirements on securing a *life membership* card and/or pin for an Auxiliary member is different from the VIM membership.

It is necessary that the *unit* vote on an *honorary life membership* for an individual who is to be honored in this way, which makes *the unit responsible for the payment of the annual dues of the recipient.*

If a member, who has been the recipient of a life membership, transfers to another unit, the unit from which she received her life membership *is not* responsible for the payment of annual dues.

Please use the form below and file with the Department Secretary when the unit votes to present a *life membership.*

Please refer to your National Emblem Sales catalog for current prices and instructions for all Auxiliary Honorary Life Member items.
