

ATTENTION MEMBERS:

There is a new class beginning at the Temple VA for 8 female veterans dealing with sexual trauma. We can make them feel more comfortable and welcome to the class.

There can be up to 25 women in the female-only wing. We believe they would appreciate items to make them feel loved by the ALA.

For the 8 female veterans of the incoming class, please bring socks, shower shoes, shower poufs, Puffs tissues, hard candy/candy kisses/small candy, FLASHLIGHTS (rechargeable and/or battery), etc. Any items not used by the incoming class can be kept and used for future classes.

If we bring the items to midwinter, ALA VA Representative Marcie will take everything back and have ready when they arrive for the beginning of the class on the following Monday.

These are female veterans so poppy funds may be used.

Let's show our female veterans how much they matter to us and show the Temple VA that we support their efforts.

It is the only program in Texas of this type!
